

INVITATION

May, 2008

It is our pleasure to announce that we are holding 'the 2008 Seoul Cup Baduk Tournament for the Business People' in the world under the auspice of Seoul City, Korea. This tournament is planned to be held annually in Korea.

The purpose of this 'Fair' is to promote friendly relations and transactions among business Baduk players through the world. You will have a lot of chances to meet Korean businessmen during the period and we are also ready to introduce many businesses to you.

You can also have some friendship matches in Baduk clubs, visit some successful enterprises in Korea, teaching games by Baduk professionals and enjoy the beautiful Korean country side. The general information and application form for the event are enclosed. Please fill the application form(s) and send us by e-mail by the end of July.

There will be two tournaments: the team and individual. You can attend as a team (three players) or individually. You don't need to be very strong as a participant. (More than ten kyu is enough.) We have prepared some excellent prizes for the participating teams and individuals. We hope everyone becomes the winner. We divided teams and individual participants into two divisions to give them a fair competition.

Eagerly anticipating your co-operation and active participation, we look forward to seeing you in September.

Yours sincerely

YOON Soo-Ro

The President

World Baduk Forum
